

## AT CAPITOL GORDON'S BODY LAY IN STATE

Guarded by Troops, Viewed  
by Thousands.

COFFIN DRAPED WITH FLAGS.

Dead Chieftain Has Received Every  
Honor and Tribute of Respect That  
Could Be Paid by the People Who  
Loved Him.

Atlanta, Jan. 14.—On a catafalque, draped with confederate flags, for which he fought, with the banner of The Lost Cause lying over his casket, the body of General John B. Gordon, laid in state all day in the marble corridor of the statehouse in this city.

Guarded by the troops of his own state, and viewed by thousands who followed him as their leader, or had known his name as hero, the dead chieftain received every honor and tribute of respect that could be paid.

All the flags in the city are flying at half-mast, and the offices of the state buildings are closed, and tomorrow all of the principal places of business, the courts and schools will be closed during the hours of the funeral.

Attended by an escort of citizens, appointed by the governor and military troops, which met the body at the state line, the remains of General Gordon reached this city this morning at 5:30 o'clock from Jacksonville, Fla., and was borne direct to the state capitol, where it will lie in state until 10 o'clock Thursday morning, when the funeral exercises will be begun.

From 10 o'clock Thursday morning until noon, the memorial exercises—the last honor of a loyal, loving southern—will be held. Men prominent as citizens and statesmen and distinguished as veterans and heroes of the conflict of the sixties, will pay homage to the name and career of Gordon.

Following these exercises the body, carried upon the shoulders of honorary pallbearers, will be taken across the street to the Central Presbyterian church, where the funeral rites will be observed. From the church, the body will be carried to its last resting place in Oakland cemetery, where the remains will be interred, not far distant from the spot where are buried Georgia's confederate dead.

All day long lines passed the catafalque, the placid, peaceful features of the dead general, lifelike, beneath the profusion of flowers that bedecked the casket, surrounded by its drapery of confederate flags.

Veterans who had been under Gordon's command during the five years of strife passed the casket most of the day, each pausing to take their last look at their leader.

All the offices of the state house were closed, and General Gordon's picture, which was placed on the capitol wall during his terms as governor, has been draped in mourning.

Crowds of visitors from towns and cities throughout the states, and committees representing the different posts of the United Confederate Veterans, are arriving today for the memorial exercises and funeral tomorrow.

PATRIOTIC WOMEN MEET.

Memory of General Gordon Is Appropriately Honored.

Atlanta, Jan. 14.—The patriotic women of Atlanta assembled Tuesday in the called meetings of the Ladies' Memorial association, of the Atlanta chapter, Daughters of the Confederacy and the Atlanta Chapter Daughters of the American Revolution, the object of the meetings being that the organizations might act upon the death of the illustrious General Gordon.

The Daughters of the American Revolution met to express their appreciation of General Gordon as soldier, statesman and citizen, acknowledging his service as United States Senator and his exemplification in every relation as the noblest type of American manhood.

The Ladies' Memorial association, the oldest patriotic organization in Atlanta, and one that has as its most sacred duty the care of the confederate dead, met Monday and yesterday that they might offer as a last resting place for the general the most beautiful site in the confederate burying ground in Oakland, and that they might arrange for appropriate participation in the funeral pageant.

Through the efforts of this noble band of women, most of whom saw for themselves those stirring events of the confederacy that made of them widows and orphans, the soldiers' burying ground at Oakland was purchased and it was through them the confederate monument was erected. Since that time they have cared for and decorated the graves and been the inspiration of the beautiful services taking place each Memorial Day.

GATE CITY GUARD HONORS HIM.

Indefinitely Postpones Celebration of Its Anniversary.

Atlanta, Jan. 14.—Because of the death of General John B. Gordon, the Gate City Guard has indefinitely postponed the celebration in honor of its forty-ninth anniversary, which was to have taken place in the ball room of the Kimball house on the evening of Jan. 19.

This was decided upon during the regular weekly meeting of the Gate

City Guard which was held in the armory last evening and over which Captain Leonard White presided.

The Gate City Guard was more intimately associated with General Gordon than any military organization of the city, for the reason that it entered the confederate army and served for four years on the field of battle.

Rome's Daughters Send Wreath.  
Rome, Ga., Jan. 14.—Rome Chapter Daughters of the Confederacy forwarded by express an exquisite laurel wreath for General Gordon's funeral. The laurel was from Myrtle Hill cemetery, where General Gordon has often stood and admired the beautiful view and where he once delivered a patriotic address.

UNITED STATES AND COLOMBIA.

Former No Party to Proceedings Growing Out of Secession.

Washington, Jan. 14.—It can be stated on good authority that the administration does not contemplate paying one dollar out of the United States treasury to Colombia on account of the secession of Panama. Nor will it go before the Hague tribunal as a party to any proceedings growing out of that secession. It is stated that to do either of these things would be to commit the administration to an admission that it had been guilty of wronging Colombia.

On the other hand it is again announced that the United States government stands ready to do anything in its power to bring about an amicable settlement between Colombia and Panama. It may be said that Panama will consent to go before the Hague tribunal with Colombia and allow that tribunal to decide whether or not Panama shall make any concessions to Colombia on account of the severance of political ties. It is certain that the United States government will look with favor upon the assumption by Panama of some small liability to make good the loss which Colombia has suffered. The government is willing even to go to the extent of guaranteeing the performance by Panama of any duty and obligation she may assume toward Colombia and exchanges on this basis between interested parties are now in progress.

RUN ON BANK ENDS.

Last of Depositors Paid—Tired Officials Close Doors.

Superior, Wis., Jan. 13.—The run on the First National bank, which started yesterday morning, continued until 1:30 this morning when the last of the savings depositors who had stood in line many hours, was paid and the tired bank officials locked the doors for the night and went home.

Several business men of Superior, who are acquainted with the first bank express surprise at the run on what has always been considered one of the strongest financial institutions of the northwest.

The run on the bank was resumed this morning.

Cashier Benson, of the bank, said: "The bank received \$150,000 in currency last night from St. Paul and \$200,000 from Chicago will reach us today. We are glad of this opportunity to prove our ability to meet every demand."

THE CLALLAM DISASTER.

Upper Part of Wreck Is Being Towed Into Port.

Victoria, B. C., Jan. 14.—The British cruiser Grafton has returned from a cruise and reports having found the body of Bruno Lehman, the customs officer of the Clallam, off Race Rocks.

Lehman sprang from the upper deck of the steamer into a boat which was filled with passengers, mostly women and children, and was swept out with all in the boat when she swamped, almost immediately afterwards.

The steamer Maude has picked up the upper part of the Clallam, and is towing it to port.

John Davis, of Nanaimo, made a statement regarding a conversation with Captain Roberts by passengers who remonstrated with him for not placing them on the tug Holyoke. Davis said he believed the passengers were kept on board the steamer to bail, in the effort to save the property, declaring that when a dozen passengers waited upon the captain and asked why he had not signalled the Holyoke for the purpose of placing the men aboard the steamer, the captain replied:

"I am running this part of the work. When I see we are in danger I will signal the tugboat to come back. We can get there all right. The steamer is good for three hours."

"Well," I said, "you could have signalled the tugboat and given instructions when the boat was alongside."

"The captain in reply stated that he wanted to save the steamer; that was what he was looking after now."

Davis declared the Clallam did not remain afloat 20 minutes after this conversation.

Cause of Explosion.

St. Louis, Jan. 14.—According to the report of the board of engineers who concur in the report made by the city boiler inspector, Joseph Branch, to Comptroller Player, the cause of the explosion of the Transit company's boilers in the power house at Jefferson and Geyer avenues, where six men were recently killed, was forcing the boilers beyond their capacity and irregular firing which let the water get too low in one of the boilers which was under pressure.

NEGOTIATIONS FAIL.

Government Troops Battle with Rebels in Uruguay.

New York, Jan. 13.—Negotiations between the representatives of the government and the revolutionists, have thus far failed, says a Herald dispatch from Montevideo, Uruguay.

A dispatch from Santa Ana do Livramento says a sharp battle has been fought between part of the government troops under General Muniz and the rebels. The former lost only five men, and the latter about 50. A more important battle is expected, and it may be decisive.

MUTINY AMONG SOLDIERS.

Plundered Shops and Attacked Armenians—Garrison Assailed.

Constantinople, Jan. 14.—A serious mutiny broke out recently among the soldiers comprising the garrison of Van, Turkish Armenia, owing to their pay being in arrears. About 500 armed soldiers plundered shops and attacked Armenians. The mutineers finally made an attack on the police from which the commander of the garrison fled over adjoining roofs.

Evacuation of Camps Begun.

Denver, Jan. 14.—Adjutant General Bell says today that evacuation of the military camps at Telluride and Cripple Creek had begun. A troop of cavalry had been organized at Telluride composed of 75 young men who own horses. In addition a guard of about 60 men will be left at that place. Two companies comprising about 185 men will be left in Cripple Creek. Up to date the expense of maintaining the military force in the field in consequence of the strikes which began last summer, has been nearly \$500,000.

Driver Killed Under Engine.

Savannah, Ga., Jan. 14.—Daniel A. Dean, a Central railway engineer, died today from injuries received while cleaning out the fire box of his engine at an early hour this morning. While under his engine a push engine ran against it. Both his legs were cut off. Dean leaves a widow, a son and a daughter. The funeral will be held tomorrow.

TELEGRAPHIC BREVITIES.

Quite a sensation has been caused in Birmingham by an alleged case of bribery. Commissioners appointed to look after the big sewer work have demanded an investigation of the charge that certain men were paid to influence them.

The standing committees have been named in both houses of the Mississippi legislature, and members have gotten down to steady, hard work. A large number of bills have been introduced.

Stephen Howell, a 16-year-old boy of Columbia, S. C., who disappeared before Christmas day, was decapitated. His headless body was found Tuesday.

St. Louis has been selected as the convention city by the Democratic national committee. Twenty-nine votes were cast for the exposition city on the second ballot. The first ballot resulted: New York 6, St. Louis 23, Chicago 27. The convention will be held July 6.

United States naval authorities at Colon appear to be convinced from the tenor of the reports which are continually brought in, that Colombia is determined to send an army to attack Panama.

Secretary of War Root has issued a statement denying that the government is preparing to send troops to Panama or that war is likely between the United States and Colombia.

Ex-Congressman Driggs, of Brooklyn, convicted of complicity in the postal frauds, has been sentenced to serve one day in jail and pay a fine of \$10,000.

The application of Mrs. Bennett for the removal of William J. Bryan as executor of her husband's will was heard in New Haven. Decision was reserved.

A conference of prominent men was held in Washington to form the basis of an arbitration treaty between the United States and Great Britain.

A novel feature of the message of Governor Murphy, of New Jersey, is an attack on the many advertising signs along railway lines.

There has been no change in the Far Eastern situation. Either Japan or Russia will have to yield in order to prevent war.

Arrested on Embezzlement Charge.

Hannibal, Mo., Jan. 14.—The United States deputy marshal Dougherty has arrested Albert Cashman, postmaster at Stahl, Mo., on the charge of embezzlement of funds of the government amounting to \$1,000. This is the first arrest made under the indictments returned by the federal grand jury at Hannibal last week.

Colonel Charles Denby Dead.

Jamestown, N. Y., Jan. 14.—Colonel Charles Denby, of Evansville, Ind., United States minister to China during the administrations of Presidents Cleveland and Harrison, died here suddenly today. Colonel Denby lectured here last night. He was about 70 years of age.

Life Sentence for Newton.

Montgomery, Ala., Jan. 14.—Harry Newton, an ex-convict, who killed Sam Lacey, at Wetumpka, Ala., three weeks ago, was sentenced to life imprisonment.

## WAR CLOUD IN EAST IS GROWING DARKER

Situation Is Said to Be Growing Extremely Tense.

OFFICIAL OPINION IS CHANGED.

Japan's Delay In Answering Russia's

Last Note Is Deemed In London as Being a Symptom That Grave Decision Is Under Consideration.

Berlin, Jan. 14.—Official opinion regarding the probability of war between Russia and Japan has suddenly changed.

Intelligence received at the foreign office yesterday has caused the government, for the first time since the controversy began, to believe that the situation is extremely tense.

The very definite views hitherto held are reversed and war has become a proximate contingency, according to the view held in official circles here. Japan's delay in answering Russia's last note is deemed here as being a symptom that a grave decision is under consideration.

MANY DAMAGE SUITS.

They Are Brought Against Coal Creek Coal Company.

Knoxville, Tenn., Jan. 14.—A special to The Sentinel from Coal Creek, says:

Sixteen damage cases against the Coal Creek Coal company and G. M. Camp, superintendent, for alleged misrepresentations made to secure a party of miners brought to Coal Creek from St. Louis, on December 4 last were decided in favor of the miners in a justice court yesterday. A judgment for \$250 and all costs was rendered in each case. The company will appeal. The Fraterville mine, of the Coal Creek company, is now being operated, a force of detectives and deputy sheriffs being on guard.

Orders Church Closed.

Chicago, Jan. 13.—The Congregational church, a handsome edifice on Drexel boulevard, was today ordered closed by city building Commissioner Williams. Insufficient exits and exits opening inward were the causes assigned.

FATAL COLLISION.

One Man Killed, Another Fatally Injured.

St. Louis, Jan. 14.—One man was killed, one perhaps fatally injured and one severely hurt, when a through freight, eastbound, on the Southern railway crashed into an extra coal train, westbound, on a siding at New Baden. The dead man is Fireman Scott, of the coal train, which crushed and scalded him in his cab.

Engineer William Knight, of the coal train, was also crushed and scalded, and will probably die.

Engineer Stratton, of the freight train, was badly hurt. The fireman jumped and was not injured. The wreck was caused by an open switch.

Porte Notifies Ambassador.

Constantinople, Jan. 14.—The porte has notified the Austrian-Hungarian and Russian ambassadors of its full acceptance of the Macedonia reform school and of its consent to the repatriation of the Macedonian refugees, promising amnesty to all political prisoners with the expedition of the dynamiters. In conclusion the porte draws attention to the argument of Bulgaria and demands assurances that Bulgaria will not be permitted to nullify the work of reform.

China's Exhibit at World's Fair.

St. Louis, Jan. 14.—China's exhibit at the world's fair will be made by the Chinese government proper, which is the first time in the history of the Celestial empire that such a thing has been done. Funds for the exhibit will be appropriated from the imperial coffers at Peking, being secured largely through the influence of the Dowager Empress Ann, who is greatly interested in the exposition.

AN UNUSUAL CASE.

Tiny Bacillus Intervenes Between Man and Hangman's Noose.

Chicago, Jan. 14.—A dispatch to The Record-Herald from Omaha, Neb., says that tiny bacillus with a long name has intervened between Henry Foster and the hangman's noose.

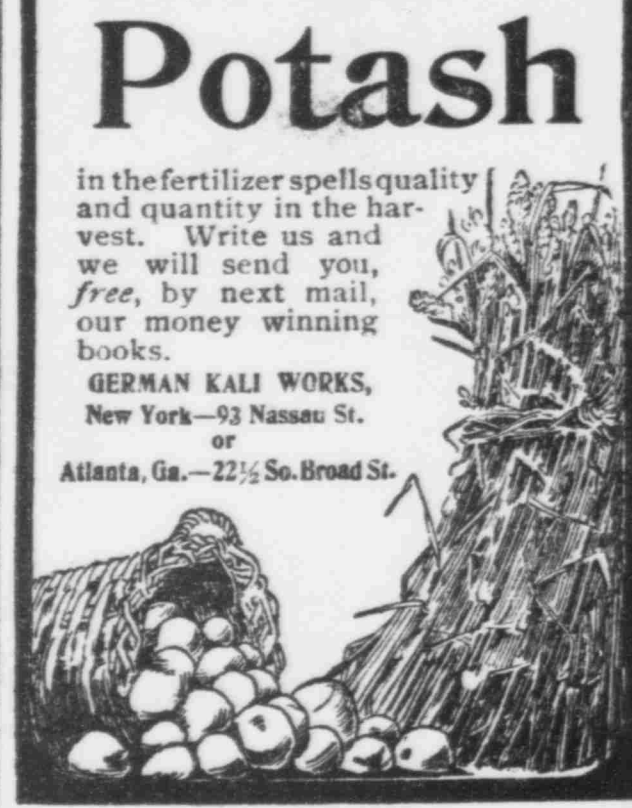

The microbe found its way into the wound of Thomas Gentlemen, of Fremont, whom Foster shot. Death followed as a matter of course, for the bacillus is deadly, and is known to science as the "bacillus diplicaputatus-aerogenes."

The hospital surgeons at Fremont declared that Gentlemen had one chance in a thousand of recovery. This chance was eliminated when the microbe appeared. Because of this, the county attorney is compelled to withdraw his charge of murder in the first degree.

Masonry in North Carolina.

Raleigh, N. C., Jan. 14.—The report of Grand Secretary John C. Drewery to the grand lodge of Masons showed the number in North Carolina to be 13,663, a gain of 39 per cent since 1895 and the year's receipts to have been \$8,827, a gain of 84 per cent since 1895.

## A Golden Rule of Agriculture: Be good to your land and your crop will be good. Plenty of

CHINESE COMMERCIAL TREATY.

Ratified at State Department—Ports Will Be Opened.

Washington, Jan. 14.—Ratification of the American-Chinese commercial treaty were exchanged at the state department today by Secretary Hay and Sir Chen Tung Liang-Cheng, the Chinese minister.

The treaty provides for the opening of the ports of Mukden and Antung in Manchuria to the world's commerce.

Tribe Threatens to Rise.

Berlin, Jan. 14.—The threatened rising of the Herres tribe, numbering from 30,000 to 40,000 men, news of which has been telegraphed here from Windhoek, Damaraland, German Southwest Africa, excites some apprehension at the colonial bureau, and foreign office as the German forces on the spot are inadequate to deal with a widespread insurrection. The 900 white troops already in South and West Africa have been re-enforced by the arrival at the beginning of January of 200 more. The opinion of the military authorities is that additional troops must be sent out as soon as it is known that Herres has risen.

YOUTH LOST HIS HEAD.

Headless Trunk Found in Woods—A Lay Near at Hand.

Columbia, S. C., Jan. 14.—Two days before Christmas Stephen Howell, of this city, 16 years old, started out to get a supply of holly for his mother to decorate her home. He was told to employ a negro to do the rough work. Young Howell was later seen in a wagon with a negro who carried an ax. He did not return home, and police and citizens have been searching ever since for him.

Tuesday the headless body of the youth was found under a holly tree about 2 miles from the city boundary. An ax lay near by. The negro, who was a stranger here, returned to Howell's house in the afternoon with a supply of holly and collected the money for his work.

He told the young man's mother that Howell "would be along after awhile."

General Store Is Burned.

Tifton, Ga., Jan. 14.—The general merchandise store of W. J. Marsh at Pineapolis, in Colquitt county, was destroyed by fire Sunday morning. The store is supposed to have been robbed and burned, as when the fire was discovered by the night watchman, the door was standing open, but the flames had made such progress that the extent of the robbery could not be ascertained.

Mr. Marsh valued the building at \$600 and his stock of goods at \$8,500. On these he had insurance with Carson & Banks for \$5,000.

Passengers Plunged Into Darkness.

Chicago, Jan. 14.—Hundreds of passengers on incoming trains here today were startled by a sudden plunge into midnight darkness. The transition from broad daylight seemed immediate and complete as if the rush was into a tunnel under a mountain. The blackness extended in a circle from the center of the city, the radius being a distance of several miles. The duration was over an hour. Unusual atmospheric conditions aggravated by smoke were generally accepted as the cause.
